Thanks for using the time
to read this message

Yes, it's something that you have never seen before, and it is too rough and without any rules to be a secret code.

But, your highness. We can't tell everything just by looking at this. It could be just a doodle.

Yes, I know that.

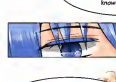

It doesn't prove anything by itself...

But... Yi Hwa, don't you slightly feel it?

Some sense of danger. She is wearing strange clothes, and she doesn't have any basic knowledge at all.

I understand. But, you shouldn't judge this situation with your instinct.

Don't worry about that. I won't trust it...

Just because of a thing like that.

So, I laid out some different belts...

And this is only one from many.

Your highness, I'm being rude, but this is going too far.

Please don't do too much.

You are worrying too much. The fate of the country is hanging on this.

Isn't it strange to not do more about something like this when it's important?

Yes, nothing happened?

Yes! Nothing happened. Don't worry!

They won't dare come here if they are thinking straight.

If they don't want to die, they can't come here.

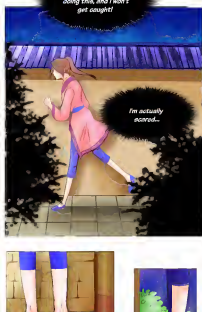

You should still be careful.

This is strange as I thought...

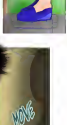

And there are lots of people!

Let's go somewhere else!

I'm not going to lose anything by doing this, and I won't get caught!

I'm actually scared...

But the clue to solve this thing will be at the forest of the Blue and Chung Hwa palace!

I'm trembling because this is something that I normally don't do.

It's a problem whether that I can enter or not.

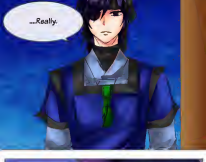

But if I enter anyway, I'll know...

I brought the needle, so I might be able to get in!

I followed you
because I thought
maybe...

...Really.

I can't relax
around you.

I didn't know
that she would really
go inside there.

It is just as Yi
Hwan said.

But not exactly
Yi Hwan, but the
emperor.

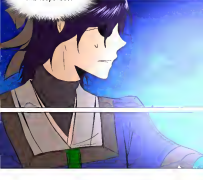

She is really bold,
unlike what I thought
her to be.

No matter what happens,
I have to get her out of there
before anyone sees.

What?! What's
this response?!

Continued in next episode.

Did I forget to
put up the closed
sign again?

Hey... This might sound a little strange but... I have a really important question to ask you. So please don't get mad at me.

When does the next chapter of the Scholar Who Walks the Night going to be released?

...

That's classified info...

I really need to remember more often to put up that closed sign at night...

So I can't say anything.

I see... Well it was worth a shot. Looks like I'll just have to keep checking the blog.
